Under the EBC Rural community grant scheme the container would become the ownership of the Village Hall. This would only be acceptable with guaranteed storage in perpetuity for use of the Parish Council being given by a legal agreement. Councillor Lowe assured Councilor's that the replacement and installation of the new container would only take place as part of the overall extension project. The legal agreement (already draft produced by the Councils solicitor) to be amended to reflect any changes in the way forward. Permission for any works to take place will only be given once all relevant legal agreements including contractual and investigative works have been concluded. It was agreed to set up a working party solely to address the extension of the village hall who would report back to Council.
